

Irma District

Irma District is one of the best mixed farming districts in the West. Good soil, good water, good grass, good railroad facilities and good people. Best for your district. Plenty of good farms waiting for development.

Vol. III. No. 14

Irma, Alberta, Canada, Friday, May 18th, 1919

\$1.50 Per Year in Canada; Foreign Countries \$2.00

With Russell Love in Scotland.

Aberdeen, April 3rd.

Dear Father:-

We spent this morning looking over Perth. We took in the Museum City Hall, St. John's church built in the 12th century by King David and restored in 1440. It is the church in which John Knox preached his famous reformation sermon. We also went thru Dewar's distillery and saw them bottling, corking, labelling and packing whiskey all by machinery. We left Perth at 11.55 A.M. and arrived at Couper Angus at 12.30. Two large sight seeing rigs met us and took us to Mr. T. A. Buttar's farm at Corston about 3 miles from the station. Mr. Buttar is a tenant farmer and runs his farm in a business like way. He has 520 acres all of which is under an eight year rotation system 3-8 every year is in grass and pasture. He first showed us his work horses all geldings in the very best of shape. He lined up 7 teams in a row of the best horses one could wish to see. He works six teams all the time and has six regular plowmen to attend them. His barns and stables are well drained and his stock is comfortably housed. We were then shown his threshing and feeding outfit which is run by a turbine engine installed many years ago. The power is obtained from a large pond in front of the house which is fed by a six inch pipe leading from a creek in the hills. From the pond to the engine room he obtains a fall of 28 feet which is sufficient to give him enough power to operate all his machinery. He has running water in the house and stables the year round which is a great convenience. We were shown and explained Mr. Buttar's system of feeding and his machines for cutting straw, roots, etc., all of which I will not be able to explain now. We were then shown some of Mr. Buttar's Shortborns. He not only produces beef for the market but breeds animals for exportation and exhibitions as well. He showed us some very fine bull calves which had been bought by American importers. Mr. Buttar's specialty however is Shropshire sheep of which he has a large flock of the best in the country. They are a sheep with fine excellent wool and at the same time a sheep of great mutton value. By careful selection and only retaining sheep of the best quality he has developed a very excellent flock. He believes in mixed farming raising only stock of the best quality and in advertising. This is not a man of unlimited capital and therefore farms as though he were at the head of a huge business enterprise. He showed us sheep which as soon as ships could be secured were billed to America, Australia, New Zealand and Argentina. He employs 4 shepherds and 3 regular cattle men his entire help consists of about 15 to 20 men. After seeing the stock Mrs. Buttar entertained us to tea. A lot of people say a farmers wife is to be pitied, if she's of the Scotch type as we have seen here I think she's to be envied. Some people farm to live while others live to farm it all depends on the system of management adopted. These people have shown us that farming is the greatest occupation in the world, if one goes about it in the right way. Well we left Couper Angus at 4.30 and arrived in Aberdeen at 8.30. Tomorrow we visit the North of Scotland Experimental Farm at Crabstone six miles out of Aberdeen. We are staying at the Y. M.C.A. while here and hope to see the important sights of the city before we leave.

With love to all, Russell.

Get a Waterproof Motor Cap this spring. The Co-op has them.

Council Minutes Battle River Municipal District No. 423

Councillors of the Municipal District of Battle River No. 423 met in Council chamber. Councillors present Messrs. Lennon, Smallwood, Santee, McDowell, Golding and Donoghue.

Minutes of last meeting were read and on motion of Mr. Santee were accepted as read.

Moved by Mr. Santee that the Sec'y be given authority to cancel all soldiers taxes from time of enlistment according to the Act of Parliament passed at last session. Cd.

Moved by Mr. McDowell that survey across Sec. 19-45-9 W 4th be accepted and council take responsibility for compensation. Cd.

Moved by Mr. Donoghue that council have engineer go over both surveys through Sec. 26-45-9 and get his advice as to which road would be the cheaper to build. Cd.

Moved by Mr. Golding that Sec'y write Dep't of Public Works asking if in the case of a private road if the Municipality is responsible for same. Cd.

Moved by Donoghue that G.L. Hudson be refunded his 1915-16 and 17 municipal taxes. Cd.

Moved by Lennon that the following accounts be passed and paid:
Stamps, stat. office exp. \$38.10
Atlas Lbr. Co. 3.27
Kill-em-quick Co., Ltd. -75.60
Western Muni. News 3.75
G.J. Lybarger 8.00
Carried.

Moved by Smallwood that Sec'y be instructed to notify J.F. Mildon, C.F. Smith, R.G. Hall and Geo. Clapp that all roads already surveyed will be thrown open after next council meeting and ask them to make allowance accordingly in fencing. Cd.

Moved by Smallwood that application of Chas. Reed for seed wheat to the amount of \$60.25 be allowed said wheat to be sown on NE 1/4 of 10-45-9. Cd.

Moved by Donoghue that Santee be allowed \$150 for seed grain to be sown on W 1/4 30-45-7. Cd.

Moved by Golding that J.A. Girard be allowed \$300 for seed grain to be sown on NE 1/4 24-45-7. Cd.

Moved by Santee that R.J. Tate be appointed wild land assessor, he to receive 5% on all wild land taxes collected. Cd.

Moved by McDowell that the rate for municipal taxes for the year 1919 be 7 1/2 mills. Cd.

Moved by Lennon that the rate for Education Point S.D. be 18 1/2c per acre. Cd.

Moved by Smallwood that the rate for Strawberry Plains S.D. be 12 1/2c per acre. Cd.

Moved by Lennon that the rate for Sunny Brae S.D. be 13 1/2c per acre. Cd.

Moved by Lennon that the rate for Alma Mater S.D. be 20 1/2c per acre. Cd.

Moved by Lennon that the rate for Roseberry S.D. be 12c per acre. Carried.

Moved by Donoghue that the rate for Lewisville S.D. be 13 3/4c per acre, and the rate for Bronson S.D. be 12c per acre. Cd.

Moved by McDowell that the rate for Ross S.D. be 14 1/2c per acre, and moved by Golding that the rate for Battle Heights S.D. be 11 1/2c per acre. Cd.

Moved by Santee that the rate for Sydenham S.D. be 10 1/2c per acre, and that the rate for Ascot S.D. be 15c per acre, moved by Golding that the rate for Plaxtol S.D. be 15c per acre. Cd.

Moved by Smallwood that Donoghue and Smallwood be appointed a committee to purchase road plows for Wards 5 and 6. Cd.

Moved by Santee that McDowell and Santee be appointed a committee to purchase three No. 2 slips and road drag. Cd.

Moved by Donoghue that the

SOUSA'S BAND COMING TO WESTERN CANADA.

Arrangements have been made by the Edmonton Exhibition Association whereby Lieut. John Philip Sousa and his famous band will play at the Edmonton Exhibition twice daily during the coming exhibition July 7-12. While few of us have been privileged to hear this band, probably the most famous in the world, we have danced to his dance compositions, and listened with pleasure to gramophone records of his various marches and other band music. Lieut. Sousa has been actively engaged during the war, in the United States Naval Service, and a trifle more than 3,000 bandmen were trained under his personal supervision after the United States joined the Allies in fighting Germany. He has been granted leave of absence for the summer and will make a limited tour with his original band, sixty in number, including two lady soloists. Lieut. Sousa in person will conduct his band.

Will Speed Up Drillers.

New orders calculated to husband the natural gas of the west have been added to the petroleum and natural gas regulations by the privy council as follows:

If natural gas is discovered or if water is encountered through boring operations conducted on a location acquired under the regulations and if the escape of gas is not prevented or the flow of water controlled, the minister may take such effective steps as may appear to be necessary to do so.

The lessee shall before commencing boring operations on a location notify the minister of his intentions to commence such operations and shall furnish the prescribed information.

In case the lessee desires to abandon a well bored on a location he shall before doing so notify the minister of his intention in writing.

Failure on the part of the lessee to notify the minister of his intentions to commence boring shall render the lease liable to cancellation as well as any leases with which the same may be grouped under the provisions of the regulations.

Village Dads Meet.

Council met in Municipal hall. Reeve Love and Councillor Tripp present. Sec'y ordered to lay information against parties who have not taken out a Dog Licence as required by the village.

Account of Viking News \$7.00 read and passed, and J. W. Wyatt account read and passed.

The following changes made in the assessment:-

A.M. McGregor, acreage reduced to \$75 per acre. J.W. Wyatt, acreage reduced to \$125 per acre.

Lots 7 8 9 10 and 11 in Blk 7 reduced to \$125.00. Lot 12 in Blk 7 reduced to \$150.00.

Council adjourned to meet Monday night May 19 at 8 p.m.

Wainwright Celebrates July 1st.

Wainwright is planning a big celebration on July 1st, in honor of her soldiers and sailors who fought in the Great War.

scale of wages for 1919 be as follows, man and team 60c per hour, single man 30c per hour, and foreman 50c per hr. Cd.

Moved by Santee that no councillor shall be allowed to spend more money than is allotted to his ward. Carried.

Moved by Lennon that council adjourn to meet June 9th. Cd.

New Orchestra Will Give Free Dance May 24th.

A new orchestra has been organized in Irma and they will give a free grand opening dance on Saturday evening, May 24th, in the Co-op hall. Several new musicians have joined the organization and we look forward to some excellent music. The dances will probably be continued every Saturday night. The first one on May 24th will be free. Come out.

Banquet for Soldiers.

A very cordial invitation is extended to all men who put on the uniform in the recent war against autocracy to attend a banquet in their honor in the church, Irma on Friday evening May 16th at 8 o'clock. The church recognizes its indebtedness to these men and wishes to acknowledge it. The ladies aid are managing the banquet and a good time is assured. Every soldier is asked to bring a friend or his parents with him.

Plan Monster Celebration.

The Irma Repatriation Committee are arranging for a monster celebration and sports day in honor of the boys who have been to the front. The date has not been definitely arranged but will be announced later. All the agricultural and fraternal societies are being asked to appoint a member to act with the Repatriation Committee and it is expected this will be the biggest celebration ever held in Irma.

Baseball Game Wednesday.

The first baseball game of the season will be played on the city diamond on Wednesday evening, May 21st, between Rocky Ford team and Irma. All has-beens, would-be-to-be's and amateur enthusiasts are cordially invited to be on the diamond at 5 p.m., after which a meeting of all those interested in an Irma baseball team will be held in the secretary's office.

Please Sign Correspondence.

Several letters have been sent to the Times commenting on the condition of the roads and other subjects. As no name has been signed we will have to pass these up. We understand the councillors intend starting men out on the roads as soon as seeding is finished. In the meantime we are hoping some one will volunteer to level off some of the roughest places.

Will Beautify Cemetery.

The members of the I.O.O.F. and Orange Lodge are planning of meeting some evening in the near future and cleaning up the cemetery. Piles of stone, dirt and dead grass are not very pleasant objects to see when attending the funeral of a friend or visiting the graves of departed relatives.

Corp. H. M. Mildon Returns.

Corp. H. M. Mildon who left Edmonton with the 151st some three years ago arrived in Irma Tuesday night. Like most of the boys who have arrived recently no intimation had been given of his home coming and only a few were at the station when he arrived.

U. F. W. A.

The UFWA will meet at the home of Mrs. J. G. Clark on June 5th. An address on tariff will be given. Also the members of Wainwright UFWA will be entertained. All ladies are invited to join the U.F.W.A.

Children's Shoes

Another large shipment of Children's and Boys Shoes has arrived.

"Chums" Shoes in Smoked Elk that are so popular

Sizes 5 1/2 to 7 for boys or 8 to 10, 11 to

2 for girls

Huns Will Now Face the Inevitable

Berlin. — Official quarters in Berlin have learned that the probable terms of the cabinet followed, at which the action which Germany is to take was discussed. It was considered in some quarters that Count von Brockdorff-Rantzau would refuse to sign the peace treaty and resign, but the opinion is general that Germany must accept, since she is helpless.

The resignation of the foreign minister would only delay a settlement of the question, for, if his cabinet left office with him, independents, it is believed, would surely take up their positions and their first act would be to complete the terms.

The first newspaper in Berlin to publish the forecast headed it, "Germany's end as a great power." The Tagblatt says the size of the German army can only be decided by the league of nations and that it will be impossible to pay £1,000,000,000 indemnity. The newspaper calls the decision regarding the Saar "hardly disguised annexation," and says that it cannot be accepted.

The Danzig solution also is declared to be unacceptable. The decision as to Germany's former colonies is arousing protests.

The National Zeitung publishes what it terms the official standpoint the government expects to take regarding the peace terms.

The government, according to the newspaper, will refuse to sign any part of the treaty which provides for "Oppression of Germany." For instance, the entente's standpoint regarding Danzig and the Saar Valley will not be acceptable. The German delegates, however, will make every effort to institute negotiations on these and other unacceptable demands.

Clause Stipulates Kaiser's Trial

Paris. — The clause regarding responsibilities, which was not acted on at the previous session of the plenary conference, it is understood, has been incorporated in the final draft of the treaty. This provides for the trial of the former German emperor for a supreme offence "against international morality and the sanctity of treaties," by a tribunal composed of representatives of Great Britain, the United States, France, Italy, and Japan.

Germans Would Massacre Jews
London. — An Exchange Telegraph company dispatch from Berlin reported that hatred against the Jews has been displayed recently in the German capital and that placards have been distributed, asking the citizens to massacre Jews because, the notices assert, the Jews killed 200 children at Easter.

End of Germany As a Military Power

Versailles. — Today the allied terms of peace were handed to the German delegates. The document, long as it is, is shorter than was indicated by the forecasts, which estimated its length at 100,000 words. The treaty is not printed in German. The text is in French and English, on opposite pages.

The terms of the treaty spell the end of Germany as a military power. She is deprived of virtually all her fleet; her army is cut down to nominal dimensions and she is sharply restricted along lines through which she might seek to work militarily and rehabilitate herself. Economically, also, the future of Germany is hedged about with stipulations intended to insure her ability to pay the indemnity demanded by the allies, and to prevent her from exploiting her old-time resources as a struggling competitor of the nations about her which she over-ran and devastated during the war.

Thus, for instance, Germany, for a period of years at least, will be deprived of the coal output of the rich Saar basin, which goes to France in payment of the damage caused by the destruction of the French coal mines. She likewise is compelled to make restitution for the damage in other ways done to France, Belgium, and the various other countries, which suffered from Teutonic depredations in various forms. In numerous other ways she is made to realize that her more than four years' career of destruction must be made good.

Elaborate preparations were made for the historic occasion of handing

Unrest in India

Afghan Troops and Tribesmen Cross Border and Trouble Expected

London. — Afghan tribesmen have crossed the Afghan border with the assistance of Afghan regular troops and have occupied certain positions on the Indian side of the border, according to a despatch from the India foreign office. Military precautions have been taken by the British, who have addressed a vigorous note to the Amir.

It has been reported for some time that the new Amir had adopted an unfriendly attitude towards the British and contemplated an invasion of the northwest frontier and Khyber Pass, the principal northern pass into that country from India. No large number of tribesmen are concerned, but they have occupied strategic heights of importance commanding two roads leading across the frontier.

Siberian Army Needs Clothes

Unique Plan Devised for Providing Wearing Apparel

Vladivostok. — The Siberian army needs underwear and the powers that be have devised a unique plan for providing this wearing apparel. In brief, this solution is conscription of underwear.

The male population of the city is ordered to provide the clothing on the following scale:

Those enjoying a salary of 600 to 1,000 roubles a month must supply one set. Those who earn from 1,000 to 1,500 roubles a month are asked for two sets. Those with 1,500 to 2,000 roubles the tax is three sets, and from 2,000-roubles upward, four sets. Owners of real estate and commercial and industrial firms have to furnish underwear on the same scale, according to the income of their business. A set of underwear consists of one shirt, one pair of pants, one pair of socks and two pairs of foot

British Shell Bolsheviks
Archangel. — British gunboats were active against the Bolsheviks for a time recently. They co-operated with a strong patrol which broke through an enemy outpost north of Tulgas and destroyed dugouts and an ammunition dump.

A Bolshevik attempt against the British, United States and Russian positions at Malo Beresienik was repulsed.

Ambassador of Reds Was Shot
Copenhagen. — When Polish forces captured Vilna recently they captured and shot Adolphe Joffe, the former Russian Bolshevik ambassador at Berlin, according to Polish newspapers received here.

Summary of Peace Pact

Germany is deprived of her fleet. Her army is cut to small issue.

Military aspirations are pruned.

Economic restrictions are laid down so that she can pay indemnities.

She cannot strangle competition in trade.

Saar basin coal output goes to France for years.

She must make restitution for damage to France, Belgium and other countries.

Heligoland must be demolished.

Kiel Canal must be freed.

Alsace-Lorraine will be returned.

Ex-kaiser Wilhelm will be tried.

German territory must be ceded on all hands to surrounding allied nations.

Frontier of 1871 has to be restored.

She must renounce rights to all colonies.

Dismantling of Rhine fortresses demanded.

Assume pre-war debts on ceded territory.

Allow unhindered transit in Germany.

Internationalize her rivers and give up control of the Rhine.

Germany must also pay to the limit the cost of the war to all allied nations.

Ammunition Depot Explodes

Many Killed and Country South of Brussels Devastated

Brussels. — A depot of German ammunition containing shells and bombs of every calibre and many gas shells has been exploded at the railway station at Groendael, six miles south of Brussels, where Canadian troops were inspected by King Albert eight days ago. The depot has been under guard of 150 Belgian soldiers, and six hundred German prisoners have been at work near it. It is believed there are many killed and wounded, but the number of victims will not be known for several days.

Many houses in the neighborhood have completely collapsed and windows and roofs for two miles around the scene of the explosion have been shattered. This is especially the case at Hoeyleert and neighboring towns where there are thousands of hot houses. The movement of trains over the Namur-Luxemburg line has been interrupted. It is reported that while workmen were unloading a wagon filled with shells, a detonator exploded in the hands of a German prisoner, setting fire to the ammunition boxes. After the explosion the German prisoners broke the barbed wire cordoning surrounding the camp and fled in all directions through the woods. Only 150 have been arrested since. The Belgian guards at the depot succeeded in escaping in safety. The explosions were clearly heard in Brussels.

Munich Expresses Joy

Munich. — All Munich celebrated the victory over the Soviet government. The streets were crowded with people who cheered the passing troops or gave them refreshments. Captured Spartacus rifles hoisted as they were escorted through the streets, bands played national airs outside the captured palace and the crowds sang patriotic anthems.

Germany Refuses to Pay Indemnity

Paris. — The German delegates to the peace congress declare that they will sign the peace treaty, but that Germany will not pay an indemnity. In the discussion of peace terms by Germany, through both her official and unofficial spokesmen, she has invariably drawn a distinction between reparations and indemnity, construing the latter in effect as punitive damages. It seems probable, therefore, that the refusal to pay an "indemnity" would mean in effect that she would decline to pay what she regarded as such damages.

Cheap British Automobile

London. — An English manufacturing company announces that it is prepared to put on the market an automobile that can be retailed for between £50 and £60. Scarcely any wood will be used in the construction of this car, the principal material being a new substance which is described as "a kind of concrete, light but strong, and durable, produced from waste material such as slag, clinkers, and sawdust, and covered with a metal solution."

W. N. U. 1263

Government Should Aid In Exporting Grain Crop

H. W. Wood Says That Failure Would Be Crime Against People

Calgary. — Unless at an early date adequate steps are taken by the Dominion government to assist in financing the export of the grain crop of 1919, Canada will be confronted with the greatest conceivable disaster, is the opinion of H. W. Wood, president of the United Farmers of Alberta. "If present prospects are fulfilled," said he, "the harvest of the present season will be the greatest in our history, and exactly for this reason it is our duty and it is of the utmost importance that steps should be taken to insure that it shall find an outlet."

"I can conceive of no more serious crime against the people of this country than for the authorities to fail to take the necessary steps."

"Perhaps," said he, "the government has a plan, but if so, I certainly have heard nothing of it, and it is of the utmost importance that the farmers should be reassured in this matter. The vital interests, not only of the farmers, but of the whole community, are bound up in agriculture."

Helium for Airships

Large Quantities Will Be Produced in Canada at Low Price

London. — Professor McLennan of Toronto University, was invited by the British admiralty in 1915 to investigate the possibility of large scale production of helium, found in "large quantities available in natural gas in Ontario and western Canada, producible at a cost of a shilling per cubic foot. The United States also co-operated and gave large orders for machinery and plants. Thus the possibility of securing large supplies of helium was assured simultaneously with the practical details of production.

Airships inflated with helium have been developed by the British navy and the progress made warrants the opinion that in another year large quantities of helium will be produced in Canada at a low price and helium-filled airships will be in service.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

Scheme for Tunnel Formulated in 1867

Experiences of War Have Made It Nearer Fulfillment

London. — The revived interest shown in the project of constructing a tunnel under the Straits of Dover to connect England and France by railway is a reminder that this scheme was first formulated in 1867, and that only the experiences of the war and the increased friendship between the two countries on either side of the channel have made it nearer fulfillment. Ever since the report of the first Anglo-French committee was made on the subject, active work has been held up by the attitude of British military opinion. That opinion, according to Sir Arthur E. H. M. P., the chairman of the house of commons channel tunnel committee has now experienced a change, and from this change arises the hopes of the supporters of the scheme, that the construction of the tunnel may at last be taken in hand.

Sweden's Last Year Harvest

Stockholm. — In spite of the fact that the result of last year's harvest in Sweden might be described as medium compared with the harvest of 1917, the monetary value shows a great increase for nearly all kinds of cereals and vegetables. The central bureau of statistics estimates that the total value of the harvest amounts to the large sum of 2,360,432,000 crowns, an increase of over 1,000,000,000 crowns on the average of 1913-1917, the amount then being 1,223,287,000 crowns.

Dutch Frontier Problem

Brussels. — In reply to an invitation from Belgian associates to their Dutch comrades to proceed to the Belgian capital in order to discuss the differences relating to the disposal of frontier territories, the Dutch socialists have appointed a delegation for that purpose. It will consist of Messrs. Suse Groeneweg, deputy for Rotterdam; Vliegenhart and Gijzel, magistrates of Amsterdam, and Roode, editor of the paper Het Volk.

Went to Conference in Airplane

Paris. — Paul Hymans, the Belgian foreign minister, left Brussels in an airplane at one o'clock and reached here at two p.m., in time to attend the plenary session of the peace conference.

Austria Must Pay Large Indemnity

Japanese Fix Indemnity Claim

On Account of Destruction of Tonnage During War

Washington. — Japan's claim for indemnity from Germany on account of the destruction of Japanese tonnage during the war will amount to not less than \$175,000,000, according to advices from Tokio. The Japanese steamers actually sunk number 26, totalling 110,451 tons, and in addition, five vessels of 17,964 tons are regarded as having been sunk by German craft, although there is no conclusive proof. In the aggregate these vessels number 31, totalling 128,415 tons. The amount of damages desired for loss of tonnage does not include personal damages due to the loss of lives.

Soviets Arrest Revolutionists

London. — A wireless message from Budapest announces the execution by the revolutionary tribunal of two men and imprisonment for a long term, with hard labor, of several others, under accusation of planning a conspiracy on a large scale. In a public speech, the Hungarian commissary, Mr. Szamuely, has described the duty of the Bolsheviks as the stirring up of revolution throughout the whole of Europe.

Small Powers Allowed

Paris. — It was decided that the following delegations which were to be excluded will be admitted to the congress at Versailles when the peace terms are handed to the Germans: China, Siam, Cuba, Guatemala, Nicaragua, Haiti, Panama, Liberia and Honduras.

New York. — The Associated Press issues the following:

While the German peace plenipotentiaries are digesting the text of the lengthy peace treaty handed them and communicating with the Weimar government as to the demands made upon Germany by the allied and associated powers, the council of four is engaging itself with the formulation of peace terms for Austria and Hungary.

The German Austrian delegation is reported already to have started for St. Germain, France, there to await the summons to Versailles to learn what is to befall the one-time dual monarchy in the way of the payment of indemnities, the making of reparations and the relinquishment of territory.

Estimates have been made in Paris that five billion crowns will be demanded as indemnity from Austria-Hungary, in addition to the determination of frontiers. The pre-war debt of the former empire and kingdom, it is stated, is to be divided among the newly formed states which have arisen, or are to arise in their old territories.

It is reported that when the terms of peace with Turkey are concluded, the United States is to be requested to become the mandatory of Armenia, and that President Wilson will place the matter before congress in order that a decision may be arrived at.

Chinese Objections

Pekin. — The Chinese cabinet, at a meeting decided to instruct the Chinese delegates in Paris not to sign a peace treaty assigning the German rights in Shantung to the Japanese.

Desirable Six-Room House

It is not necessary that the small inexpensive home should be unattractive as to exterior or incomplete and inconvenient in the interior.

The design shown herewith demonstrates these two facts absolutely.

A glance at the perspective and the reader instinctively thinks of an expensive home, but look at the floor plans and it will be seen that the house is only twenty-two feet by twenty-eight feet. The expensive effect is due to the fact that the lines

of this home are artistically good and naturally the architectural proportioning is correct.

The large living room with its open fireplace is laid out so that furniture may be placed to display itself to advantage.

Notice may well be drawn to the secluded screened verandah and the sleeping balcony. Height is obtained for the sleeping balcony ceiling by the steps from the room floor level to the floor of the balcony.

This is an altogether to be desired small home.

Brief Speech Which Attended Peace Terms

Versailles. — In opening the session of the peace conference, M. Clemenceau, presiding officer, speaking to the Germans, said: "It is unnecessary to express needless words. You have before you the plenipotentiaries of the small and great powers united in this must cruel war, which was imposed upon them. The hour has arrived for a heavy settlement of the account."

Paul Du Tasta, secretary-general of the peace conference, delivered a copy of the treaty to Count von Brockdorff-Rantzau, head of the German delegation, who made a brief reply.

Count von Brockdorff-Rantzau said: "We declare that we do not deny the extent of our defeat. We know the power of the German armies is broken."

He said he was unable to admit that Germany was solely culpable and demanded that the allies make peace according to President Wilson's points.

Germany pledged itself to repair the wrong done to Belgium and gave assurance of the reconstruction of the territories in northern France.

Count von Brockdorff-Rantzau asked for the liberation of German prisoners and said that Germany adopted the league of nations.

ZAM-BUK

Purely Herbal—No poisonous coloring
Antiseptic—Stops blood-poison
Soothing—Ends pain and swelling, etc.
Pain—Best for baby's rashes.
Heals all sores.

50c. box. All Druggists and Stores

Norwegians are Good Citizens
Moose Jaw, Sask. — That the Norwegians in western Canada, of whom there are 34,960, present no language problem is the statement of O. K. Thomassen, editor of Norden. He says that of these people only 711 are unable to speak and read English. He also states that the criminal record of these people is equally creditable.

YES! MAGICALLY!
CORNS LIFT OUT
WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of frezone." This will cost very little but is sufficient to remove every hard or soft corn from your feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while frezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening at his corns but clip this out and make him try it.

"Miss Hazel," said the Sunday school teacher to one of her sixteen year-old pupils, "what are we to infer from the parable of the five wise and the five foolish virgins?"

"That we should always be on the lookout for the approach of the bridegroom," replied Miss Hazel.

An Always Ready Pill.—To those of regular habit medicine is of little concern, but the great majority of men are not of regular habit. The worry and care of business prevent it, and out of the irregularity of life comes dyspepsia, indigestion, liver and kidney troubles as a protest. The run-down system demands a corrective and there is none better than **Farmelee's Vegetable Pills**. They are simple in their construction and can be taken by the most delicately constituted.

When a man gets into trouble the majority of those who call to sympathize with him are only after the particulars.

The average girl knows enough about photography to retouch her negative when she says "No."

SMOOTH AS BABY'S FACE

SUCH comfort is possible only with an **AutoStop Razor**. Why the **AutoStop** in particular? Because, with the handy stropping device, there's always a sharp blade ready for use. A few turns on the stropp re-aligns the saw-like edge that results from shaving. It keeps the blade free from rust, and gives you for each day's shave the keen edge of a new blade.

You do not need to take the blade out to sharpen it, nor do you have to take the **AutoStop Razor** apart to clean it.

Stropping, shaving and cleaning are all done without removing the blade from the razor.

Return of U. S. Troops

Washington. — Determination of President Wilson, as indicated in press dispatches from Paris, that no United States troops shall continue on German soil any longer period after the signing of the peace treaty than may be necessary to embark them for home, is borne out by present plans of the war department, which contemplates the return of the entire United States expeditionary forces by September.

Nothing as Good for Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. K. Kellogg Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack but get this splendid remedy today.

Offer Terms to Rumanians

Hungarian Government Requested Cessation of Hostilities

London. — The Hungarian communist government, a wireless message from Budapest says, has offered the Rumanian government territorial concessions and requested an immediate cessation of hostilities.

The Hungarian war office statement on April 30, says that the Franco-Serbian, Rumanian and Czechoslovak forces continued their advance on Budapest, the Rumanians capturing Mezőtur, eighty miles southeast of Budapest.

The Hungarian government also has asked the Jugo-Slavs for a cessation of hostilities, offering territorial concessions.

The rooms in the house do not interest the burglar as much as the haul.

Minard's Liniment Co., Limited.
Dear Sirs:—Your MINARD'S LINIMENT is our remedy for sore throat, colds and all ordinary ailments. It never fails to relieve and cure promptly.

Port Mulgrave.

Settlers for Peace River
Edmonton, Alta. — Immigration officials are of opinion that the Peace River and Spirit River country is going to be thickly populated in the near future. Last week the number that passed through the immigration officials' hands was 139, which was a little below that of the week before, but he expects larger numbers weekly into that section from now until the end of May.

You Can Be Cured of Catarrh

The Pure Balsamic Estences of Catarrhozone Afford Sorest and Quickest Cure

Catarrhozone is certain to cure because its healing vapor is carried with the breath directly to the seat of the chest, nose or throat trouble. Being composed of the purest balsams and pure essences, it immediately allays irritations, facilitates the rejection of mucus, soothes and stimulates the lungs and bronchial tubes. It marvel of the age in curing nose, throat and bronchial troubles that whole thousands say about Catarrhozone. There is nothing so sure to cure, and to those in fear of changeable weather—those who easily catch cold—those who work among lung-chilling surroundings, or where dust, impure air, fog-of damp can affect them—let them get Catarrhozone and use it several times daily—it will cure every time.

Large size Catarrhozone, sufficient for two months' use, guaranteed, price, \$1.00, smaller size, 50c; sample size, 25c. Sold everywhere.

Talk is cheap, but somehow gossip always gains currency.

A pleasant medicine for children is Mother Graves' Worm Extirminator, and there is nothing better for driving worms from the system.

The greatest tea drinkers are the Australians, who consume about eight pounds per head of the population every year.

HOW'S THIS?
We offer \$100.00 for any case of catarrh that cannot be cured by HALL'S CATARRH MEDICINE. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system.

Sold by druggists for over forty years.

Price 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

Of course, we all believe it is better to give than to receive—until some one passes around the hat.

Ask for Minard's and take no other.

Small favors are always thankfully received, but often unthankfully remembered.

Prohibit Entry Of Undesirables

Owing to Conditions Prevailing as a Result of War

Ottawa. — Until further orders immigration of Doukhobors, Hutterites and Mennonites is prohibited. An order in council to this effect was signed by the governor-general. It was passed under the provisions of the existing immigration act, which gives authority to this end.

The order in council recites that "Owing to conditions prevailing as a result of the war, a widespread feeling exists throughout the Dominion; and more particularly in western Canada, that steps should be taken to prevent the entry into Canada of all persons who may be regarded as undesirable because, owing to their peculiar customs, habits, modes of living and methods of holding property, they are not likely to become readily assimilated or to assume the duties and responsibilities of Canadian citizenship within a reasonable time."

Hamilton Veteran Tells His Friends

That Dodd's Kidney Pills Are the Remedy for Kidney Ills

Mr. S. Hodges, Seventy Years Old, but Still Young, Tells Why He Knows Dodd's Kidney Pills Are Good.

Hamilton, Ont., May 12, (Special). —Convinced that Dodd's Kidney Pills are a sovereign remedy for kidney ills, Mr. S. Hodges, who lives at 68 Ontario Ave., this city, is recommending them to all his friends.

"My appetite was fitful and I felt heavy and sleepy after meals. I was very irritable and I perspired from the back exertion. I was often dizzy. I suffered from shortness of breath and headache, heart fluttering and rheumatism were soon added to my troubles.

"My appetite was fitful and I felt heavy and sleepy after meals. I was very irritable and I perspired from the back exertion. I was often dizzy. I suffered from shortness of breath and headache, heart fluttering and rheumatism were soon added to my troubles.

Applied for Land

6,598 Applications Approved by Qualification Committees in Dominion

Ottawa. — Up till the 3rd of May, 6,598 applications for the benefits of the soldier land settlement provisions had been approved by the qualification committees in the whole of the Dominion. The greatest number is in Alberta, where 1,134 applications have been approved by the Edmonton office and 767 by the Calgary office. Saskatchewan shows 1,204; Manitoba, 1,535; British Columbia, 946.

In the east, the numbers approved in the various provinces are: Ontario, 426; Quebec, 115; New Brunswick, 189; Nova Scotia, 114; Prince Edward Island, 104.

The total number of applications received in all provinces is 9,949. Reports also show that 508 applications have been recommended for agricultural training; and 143 have applied for, and are actually taking, training, either at the training centres or on farms of selected farmers.

New Zealanders Doubt Japanese

Difficult to Discover Why Japan Wanted Marshall Islands

Wellington, N.Z. — Sir J. Allen, acting premier, declared that he viewed developments in the Pacific with some alarm. It was difficult to discover why Japan wanted the Marshall Islands, unless she wished to dominate the Pacific. It was impossible to indicate New Zealand's naval policy until they received Admiral Jellicoe's advice. It would be insufficient, however, for New Zealand to pay a yearly subsidy. She must train men for the British navy.

Good Grounds

"But Mabel, good grounds does your father object to me?"

"On any grounds within a mile of our house."—Houston Post.

Oversturdy frequently makes men mad. An understudy often has a similar effect upon an actress.

Claims for Illegal Warfare

Ottawa.—Canadian claims for losses due to illegal methods of warfare employed by the Germans and their allies are discussed in a memorandum which has been prepared for the government and the enemy claims of this nature amounting to approximately \$54,000 have been filed with the government here. The great bulk of Canadian claims for illegal warfare arise from shipping losses, states the memorandum, which has just been made public.

A woman's hair may be her crowning glory just now, but later it will be supplanted by her new Easter bonnet.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of cold water. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiteners and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

Canada's Best Place Is In the Empire

General Currie Says That Is Where the Dominion's Future Lies

London. — General Currie, commander of the Canadian expeditionary corps, speaking at a Canadian pay corps dinner, said: "I believe Canada will get everything in the future better inside of the British empire than outside. So we can go home with a greater sense of nationalism than ever before. We have all been away from Canada many months and are all more or less unfamiliar with Canadian thought and sentiment. They are wondering what the thought and sentiment of Canadian soldiers will be. I can say it will be anything which is for the good of the country. Our men have lived a little closer to their Maker. Discipline is only a self-control which makes you do the right thing."

General MacDonnell remarked that Canada had given soldiers for an imperial military enterprise on an average every twenty years. "I don't know what is going to become of the older men who have thrown themselves in," he declared. "I go down and see the boats sail for Canada. I am glad to see them go, but I am very sorry to say 'Good-bye.'"

To Urge Construction of Line
Swift Current, Sask. — A delegation has been sent to Ottawa to interview the management of the Canadian National railways to urge the construction of the projected line from that city northwest to connect with the proposed government line from Hanna to Medicine Hat.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis. — "As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot express my gratitude enough. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my household work. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is not much experience as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. A woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not wait until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

Trouble in Hun Government

Conflict Between Erzberger and Head of Peace Delegation

Berne. — Serious differences have arisen between the members of the national German government, and a change may be expected shortly, according to telegrams from Berlin.

The conflict between Matthias Erzberger, head of the armistice commission, and Count von Brockdorff-Rantzau, foreign minister and head of the peace delegation, is said to have reached the breaking point. Erzberger, it is declared, will do his utmost to make difficult the work of the foreign minister, whatever the attitude he adopts at the Versailles peace congress.

A man is seldom as black as he is painted or a woman as white as she is powdered.

Soldiers Purchase Land

Moose Jaw, Sask. — Nine returned soldiers who enlisted from Regina and district and just recently returned from overseas, have started a "back to the land" move in the vicinity of Atwater. The men, two of whom are Canadians by birth, one Australian, one American and five English, have purchased a half section each, paying on an average of \$27 per acre. They moved onto the land on April 19, each with an outfit of five horses and equipment in proportion. The farms are all improved ones and 100 acres are broken on each.

GENERAL DEBILITY FOLLOWS INFLUENZA

Health Can Only Be Restored Through the Use of a Blood-Purifier

Debility is a loss of vitality not affecting any one part of the body particularly, but the system generally. The value of Dr. Williams' Pink Pills for Pale People is that they restore the body's resistance to disease. When debility follows acute diseases, convalescence is slow and the strength does not return as it should. An attack of influenza often results in debility that persists for months.

Everybody recognizes that the remedy for debility is to build up the blood, because the blood goes to the heart, and the heart, in any improvement in its condition is quickly felt throughout the system.

In cases of simple anæmia, or debility following acute diseases such as fevers or influenza, Dr. Williams' Pink Pills will be found valuable, because they really build up the blood and strengthen the nerves. There is no other medicine as valuable for growing children, and for men and women whose nervous energy has been overdrawn. They are worth a fair trial in every case where thin blood and weak nerves have started trouble. The value of Dr. Williams' Pink Pills has been proved in the home of Mrs. John F. Mable, who was troubled with a bad cough; she was pale, weak and her appetite was very poor, indeed I feared that she was going into a decline. A friend advised the use of Dr. Williams' Pink Pills and after taking eight boxes she was again enjoying the best of health. Again last autumn Spanish influenza attacked our home, and after the acute symptoms were past, both myself and another daughter were left very much run down. My daughter was so weak that she could not walk to school and would tremble when she got upon her feet. I was so weak myself that I could not do my household work. Again we resorted to Dr. Williams' Pink Pills, and in each case we took five boxes, when we were as well as ever we had been. I never enjoyed better health than I am now doing, and am able again to do my household work. After our experience it is not possible for me to say too much in favor of Dr. Williams' Pink Pills.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

How Weeds Are Spread.

In his struggle against weeds, a farmer is more likely to be successful in his efforts if he understands clearly how weeds gain an entrance on to the farm in the first instance and how these already there spread from one part of the farm to another. Weeds may gain entrance to the farm or be dispersed over a wider area in one of the following ways:

1. AS IMPURITIES IN THE SEED SOWN: Most samples of agricultural seeds contain weed seeds in greater or less amount, which are sown with the useful seeds and thus the weeds may, quite unknown to the farmer, gain an entrance on to his land. The seed sown should be absolutely free from weeds of all kinds—a condition of things which is seldom realized.

2. BY THE AGENCY OF THRESHING MACHINES: The threshing machine should be thoroughly cleaned before it is allowed to begin operations on the farm.

3. IN STABLE MANURE, AND FEEDING STUFFS: Hay and feeding stuffs often contain weed seeds, some of which are liable to find their way into the manure heap and eventually on to the land. Some seeds can pass through the bodies of animals and afterwards germinate.

4. BY THE ACTION OF THE WIND: Many seeds, such as those of Dandelion and Thistle, are furnished with a tuft of hairs which enables them to float in the air for long distances. In other cases the seeds or even the whole plant may be blown over the frozen surface of the snow.

5. BY THE AGENCY OF ANIMALS: The seeds, or those parts of plants which contain the seeds, as in the case of Blue Bur and Burdock, are provided with hooks by means of which they become attached to the wool of sheep or on the clothing of workers on the farm and in this way may be carried into fields where formerly they did not exist.

6. BY CULTIVATION: In some plants, especially those with creeping underground stems, such as Quack grass, the broken pieces may be carried all over the field by farm implements and thus dispersed over a much wider area than the parent plants originally occupied.

PUBLIC NOTICE

To the Ratepayers,

Municipal District Kinsella No. 424
This Municipal District will be included in the Hail Insurance District as organized, by the approval of 69 municipalities voting in favor of the scheme at the polls, on the Hail Insurance By-Law.

In connection with the above each ratepayer is required to report to the secretary-treasurer of the district in which his land is located, whether or not he desires insurance, and the number of acres upon which he wants insurance, with the rate of indemnity per acre. To facilitate these reports, forms will be sent out which should be returned to the Municipal Secretary before the 15th of June. The blanks are now being compiled and printed, and will be sent out at once.

Yours truly, C. J. Knudson,
Sec'y-Treas. M. D. No. 424

District Meeting At Irma.

The annual district meeting of the Wainwright district of the Methodist church, was held in the Methodist church, Irma, Tuesday and Wednesday this week. A good representation of the district was present including the Revs. D. Simpson, Chairman, Tofield, N. F. Priestly, Wainwright, C. G. Hockin, Irma, G. H. Backus, Edgerton, T. F. Lund, Viking, M. D. Bayly, Jarow, and lay delegates were Dr. Little, R. E. Draper, J. A. Waite.

The business was to gather together all the statistics for the year, financial and otherwise and when it was considered that this district was swept by flu for 2 or 3 months of the year everything was satisfactory.

The amount raised in the district for missions was over \$600 and for Connexional schemes of the church \$709. At the close of the meeting a vote of thanks to the people of Irma for their generosity in entertaining the district was passed unanimously.

Sunday Services.

11 a.m. preaching and bible study at Orindale.

3 p.m. preaching and bible study at Roschery.

7.30 p.m. preaching at Irma.

Sunday school at Irma at 11 a.m.

Sunday school at Alma Mater at 2.30 p.m.

Everyone is invited to attend these services.

C. G. Hockin, Pastor.

The slowness and indifference of some people to matters of public concern, especially those who are eternally holding up their hands and declaring that "it is too radical" remind us of the old lady who was slightly deaf. While seated in a railway coach at the station one day a freight train went tearing past on an adjacent track and as the engine passed the window where she was seated it gave out a series of terrific shrieks from the whistle that would almost arouse the dead. While the cars of all were ringing with the noise the old lady turned to a friend and remarked, "That is the first song bird I have heard this spring."

IKK—Prohibition is going to make us a gloomy nation.

MAKES—What makes you think so?

IKK—The people will have to hide all their good spirits.

TENDERS WANTED

To fence the Roseberry school yard, apply to P. J. Harvey, Sec'y Irma, for information.

VIKING

In a letter from Mr. and Mrs. Joe Fuhrmann, former residents of this place, but now of Stockton, Cal., they send greetings to all their friends in this community. Joe is driving an auto stage from Oakland to Stockton and enjoys the work.

All girls interested in basketball are asked to attend a meeting in C. G. Purvis law office Thursday evening, May 15th, at 8 p.m. for the purpose of discussing prospects of organizing a team for the season.

The junior baseball players have arranged to play the Sedgewick juniors at Sedgewick next Saturday afternoon. The boys will practice this week and a team picked from the most likely players. Practices will be held every night this week on the old baseball grounds. Turn out boys.

H. Hilliker and son Chrysler accompanied W. McAtheth to Edmonton Friday and returned Saturday evening with a new McLaughlin Light Six which was purchased from the local dealers, McAtheth & Jones. It is a beautiful car.

The editor has received from Pte B. M. Heath, Hq. Co., 8th Infantry, A.E.F. France, several copies of Stars and Stripes, the official newspaper of the American forces overseas. The paper contains news of the doings of the Yanks, and states that one million are still left in Europe waiting impatiently to sail home. Pte Heath wishes to be remembered to all friends and acquaintances.

New Management For Jasper Park Camp This Summer

The Grand Trunk Pacific Railway announce that arrangements have been concluded for the re-opening of Jasper Park camp during the coming season under new management. The camp will be ready for guests on July 1st, and is being erected on the shore of Lake Beauvert, same site as previous years.

This year the camp will be under the management of Mr. J. W. Brewster, long experienced in the operation of such camps. The site of the camp is in close proximity to many of the wonder features of the park.

The new management intend to add several new attractions to the camp for the entertainment of guests in the way of lawn tennis courts, dancing pavilion, orchestra, etc. It is also their intention to build a small camp at the foot of Mount Edith Cavell for the accommodation of tourists exploring this district.

Young People's Conference.

The conference for young people from farming communities to be held in the University of Alberta from June 23rd to 28th, is limited to a registration of one hundred. If there are any young people in our district wishing to take in this convention the registration fee of one dollar ought to be sent to the Sec'y, Dept. of Extension, at once to secure a place. It is to be hoped that several of the young people will avail themselves of this opportunity. The secretaries of the UFWA and UFA will be glad to give further information about the convention.

(No. 27)

Of all cattle diseases, Blackleg is perhaps the most dreaded. The peculiar thing about it is the fact that it almost invariably attacks the best animals. A fat, sleek, thriving calf will succumb where a thin, scrawny, ill-nourished one is not affected. The disease makes its appearance with a suddenness that is astounding and runs its course in a correspondingly short length of time. A calf may be perfectly well and healthy one day; show signs of Blackleg the following morning and be dead by night.

Considering these facts it is no wonder that the disease is much dreaded. The best authorities admit that there is little use trying to treat it, but fortunately animals may be protected by vaccinating. To get best results this operation should be performed early in the spring before the calf goes to pasture. Blacklegoids, the well-known and widely used Blackleg Vaccine, are unquestionably an effective means of protecting against the disease. All cattle owners should know about them. The manufacturers publish booklets and circulars which give many interesting and valuable points about the cause, nature, symptoms and means of preventing Blackleg. The next time you are in town, ask for copies of these publications at.....

Irma Items.

See the Co-op for Table Talk and Wee Macgregor Seed Potatoes.

J.A. Waite of Jarrow paid a visit to Irma Tuesday.

Mr. Brown, of the E.C.D. spent Tuesday in Edmonton.

All kinds of ladies Motor Caps at all prices at the Co-op.

The Agricultural Society directors will meet in the Co-op hall Saturday afternoon.

Stetson Hats still going strong, see the Co-op stock of men's hats and caps.

Miss Peck and Mrs McConnochie, of England are visiting at Mr. and Mrs. Seaton's.

Buy the kiddies a jersey and save yourself a deal of washing. The Co-op has a large varied stock of jerseys.

The Soldiers Settlement Board is looking for reliable farmers who will take returned soldiers who want to learn farming. See Mr. Love.

Mrs. J.W. Wyatt returned last Monday from a visit at York, Nebraska. She was accompanied home by Mr. Wyatt's mother.

Mr. Kenneth Stewart, who has been with the C.N.R. at Vegreville is spending a week's holidays in Irma.

Mr. D. A. Keith of Spokane, Wash. has been spending a few days in the district with the object of availing himself of some of the fertile land in the district.

We notice the secretary of the municipality has a new car. If the council would only ask his opinion of some of the new trails we do not think it would look well in print.

Last Saturday night some of our citizens were celebrating. Just what brand of the stuff that cheers or where the source of supply was we have not heard. But it certainly had some kick.

Skipper W. Dalton of the R.N.S. is visiting his brothers. Mr. Dalton has been over three years in the Navy and is thinking of making his home in the Irma district. Before enlisting he had resided in Toronto.

W. E. Inklin and family moved on the quarter formerly owned by Mrs. Grew. Mr. Inklin is a returned veteran and we can assure him a hearty welcome as a settler in the Irma district.

A. G. Walker has moved on his half section west of Irma. Mr. Walker shipped 30 head of nice yearling Clyde colts from southern Alberta and intends building an addition to the house and improving the land.

Irma is not holding a Sports celebration on May 24th, this year, as has been the custom. The 24th will be a quiet day along the G.T.P. as there seems to be none of the towns holding celebrations. There is a dance at Viking on Friday evening, May 23rd.

Thos. T. Edmunds, of Kinsella, writes the editor that he is very busy at Seattle, Wash., developing the Northwest Rose Co. also nursery and seed growing, and hope to establish these industries on his farm, The Peninsula, Kinsella. Mr. Edmunds has already brought rose bushes safely thru Alberta winters, has a patch of alfalfa five years old and hopes to see grass and seed growing an important industry in the Gratton Lake district.

Remember that if you want value for your money in a small tractor get a Fordson, the tractor that has 1800 lbs drawbar pull on intermediate and 40 per cent reserve power on low for the hills and hard places. Not one working part exposed to the dirt and all working parts running in oil all the time. Ask anyone that has one to tell you what they will do. Five of these popular tractors are doing good in the district.

EDITORIAL

The Value of True Manhood

If any one thing was demonstrated by the Great War, it was that the value of the individual, all-round, young man, that is, the man who was developed and fit physically, morally, intellectually. In saying this it is not to be assumed that the man who was lacking in physical strength and development, or had not enjoyed the advantages of education, or, indeed, the man who was not so sound morally as he ought to have been, did not do his duty, do it well, and accomplish great things. Thousands of such men played a noble and glorious part, but many other thousands were rejected by army doctors from the opportunity of active service, and many thousands more or less literate men were not able to command the responsible positions which otherwise might have been entrusted to them. The all-round man had the better chance. He may have been no braver, or keener, or patriotic than others, but he had the equipment of an all-round manhood to do things, and he was entrusted with the doing, and he did it.

Just as the war called for the services of such men, so does the many and varied problems now to be faced call, and possibly even more imperatively, for men of the all-round type of manhood. The war has taught us, through the disclosures of the army medical boards, the necessity of further safeguarding the health of the people, and Governments everywhere are devoting attention to the subject. In the army emphasis was laid on the fact that the educated man was a better soldier than the uneducated one, so the army conducted schools to teach illiterate men to read and write. The effect of a man's moral standards on his whole character soon displayed itself. The cumulative effect has been to impress on the nations certain facts and important lessons which, in the general industrial and commercial race after the dollar before the war, people were largely ignoring.

Before the war there was one great organization which had not lost sight of the importance of developing the all-round man, a man strong in spirit, mind and body. During the war such an organization inevitably came into greater prominence and found open to it a still greater field of activity and usefulness. The reference is to the Y.M.C.A. But whereas prior to the war its energies were largely confined to the cities and larger towns, the necessity for the expansion of its work to the smaller towns, villages and country parts is now seen, with the result that a Town and Country Work department has been created by the National Y.M.C.A. Council of Canada, and a plan of organization outlined for carrying on such work.

There is now being inaugurated in the country and smaller towns and villages lacking Association buildings and equipment, Y.M.C.A. work on a plan of country or district organizations. These smaller communities are incapable individually of maintaining an adequate Association organization. The expense involved imposes too severe a financial burden, while at the same time it is impossible to adapt many of the general or larger city methods to these smaller communities. There are, nevertheless, in practically every community, no matter how small, certain prominent men, a group of willing workers, and a fair amount of available money for any good work. Combining these resources in a number of communities located within reasonably accessible distance of each other, and binding the groups of workers in each community into an Association brotherhood and pooling their financial resources, provides the way for efficient administration and the employment of an expert secretary to train, direct and supervise volunteer leaders at each point within the district organization.

Such a plan is worthy of the sympathetic and enthusiastic support of the people of Western Canada. The real strength and spirit of a community does not consist in what it receives from outside, but that which it develops within itself. The plan of organization outlined for this Town and Country Work will not provide the substantial buildings, gymnasiums and other equipment to be found in cities, but too many people in these days make the mistake of wanting things to be done for them, instead of doing for themselves. What is done for men—and for communities as well—is apt to weaken them; what they do for themselves is sure to strengthen them. The old Bible saying is still true—it is more blessed to give than to receive.

It is also true that there is a task for every man and boy in every community and a boy or man for every task in every community. The maximum benefit is derived by man or boy-and by the community when within the community these men, boys and tasks are brought together and an earnest effort made by the development of the abilities of the former to eliminate waste and render service.

The Y.M.C.A. aims to enlist the talent now lying latent throughout our smaller towns, villages and rural districts in the work of developing all-round boys and men in these communities, boys and men who will become the future leaders of this great Canadian commonwealth.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

Seeking Land of Donkubors
Grand Forks, B.C. — Twenty returned soldiers from Phoenix City are making application through the Grand Forks Great War Veterans' association for land now held by Donkubors in this valley.

Keep Minard's Liniment in the house.

Defaulters' Penalty
Ottawa. — Hon. Arthur Meighen, acting minister of justice, gave formal notice of his intention to introduce a bill respecting the disqualification of male defaulters. Defaulters will be disqualified for a period to be announced by Mr. Meighen when he introduces the bill.

Miller's Worm Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring all worm troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

Died in Fight for Food
London. — There have been serious food riots at Stalsund, Pomerania, says an Exchange Telegraph company dispatch from Berlin. Troops were summoned and several were killed and wounded.

Fiume Question Settled

London. — According to a dispatch to the Exchange Telegraph company from Pany, the question regarding Fiume has been settled in full agreement with the Italian government on the basis that Fiume shall remain an autonomous port for two years, when it will be assigned to Italy.

Now Well and Strong as Ever

After a Year of Great Suffering from Kidney Disease and Lame Back—Two Interesting Letters

Lindale, Alta. — May 19. — It is only after sickness that one properly appreciates health. The writers of these letters show how they appreciate the means whereby health was regained, and recommend the use of Dr. Chase's Kidney-Liver Pills to others.

If kidney disease is to be cured it must be taken in hand early, and that is why the warning given by backache, headache, urinary derangements should be heeded, and treatment begun at once.

Mr. C. E. Raymus, Lindale, Alta., writes: "I was a great sufferer from kidney disease and lame back for more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and, acting upon his advice, I tried them. After I had taken one box I felt better, so I continued until I had used five boxes. By this time I felt as well and strong as ever, and am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering as I did."

"I know Mr. C. E. Raymus, and believe his statement in regard to Dr. Chase's Kidney-Liver Pills to be true and correct," John Torbett, Postmaster.

Mr. Thomas Austin, Earl Grey, Sask., writes: "I wish to let you know what Dr. Chase's Kidney-Liver Pills did for me. Last summer my back ached so much that I not only could not sleep at night, but could not lie in comfort in bed. I tried several remedies, and finally sent for three boxes of Dr. Chase's Kidney-Liver Pills, but was quite cured by the time I had used one box. I am now able to do my work as usual."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be misled by accepting a substitute or imitation. The portrait and signature of A. W. Chase, M.D., are on every box of the genuine.

Peace Treaty Will Protect Europe

Prevents an Alliance With the Russian Bolsheviks

Paris. — The territorial status of Germany as definitely settled by the council of three, says Marcel Hutin, in the Echo de Paris, will in the view of the council protect the general security of Europe. The chapter in which these decisions are incorporated, he adds, puts an effective veto on the "Drang Nach Osten" movement which the Germans desire to pursue, prevents an alliance with the Russian Bolsheviks and forbids the incorporation in Germany of German-Austria.

As regards German-Austria, M. Hutin says that its peace negotiators will certainly be called to Paris, and Austria will be made a neutral republic under the aegis of the league of nations with the prohibition that she shall not ally or incorporate herself with Germany.

The council of three, M. Hutin declares, also adopted a chapter in the peace treaty defining the status of Alsace and Lorraine which are given absolutely to France.

The outline of the new frontiers of Germany were presented to the council in a report by the special commission composed of Viscount Morley, representing Great Britain; Professor Charles H. Skins, on behalf of the United States.

ARE YOUR FEET CALLOUSED?

Easy to remove lumps by applying Putnam's Corn and Wart Extractor. This purely vegetable remedy acts painlessly and is guaranteed. Insist on "Putnam's" only, 25c per bottle.

Applications For Loans

Regina, Sask. — Soldier land seekers are coming to northern Saskatchewan in great numbers, so much so that the soldier settlement board has found it necessary to reorganize the methods of conducting affairs at Prince Albert, and has placed a permanent board in charge, responsible direct to the commissioners at Ottawa. A staff of eleven persons are engaged. A permanent board under the soldier settlement scheme has also been appointed at Saskatoon. Seven inspectors are at work on applications for loans.

Japan is supplying the South African railways with cotton canvas for the manufacture of tarpaulins.

Many a man lives a cat-and-dog life. He purrs in the parlor and barks in the kitchen.

Increase in Stock Receipts

Edmonton, Alta. — Receipts at the stock yards during the month of March included 2,833 cattle, as compared with 1,408 for the same month last year, and this did not include 588 calves, which was more than double the number of last year also. Hog receipts for March, 1919, were way down, the figures showing 2,729, as compared with 4,676 last year in March. Sheep receipts were 2,410 for March, 1919, as compared with 11 the year previous, and horses passing through the yards this year were 534, as compared with 203 last year for the same month. The cattle receipts for Edmonton this year to date show a wonderful increase, considerably more than doubling last year's figures for the same period. The figures for this year are 12,917 cattle, as compared with 5,248 last year. These totals include 1,234 calves this year and 720 last. Receipts of hogs for the same period show a decrease from 12,375 last year to 10,411 this year. Sheep receipts to date this year are 8,999, compared to 155 in 1918, and horse receipts at 1,272, are nearly four times the receipts of last year for the same period.

Heart Palpitated Could Count Every Beat

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over the system, followed by weakness, fainting and dizzy spells.

When the heart gets into this condition, you become weak, worn and miserable, and are unable to attend to either social, business or household duties.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements.

Mrs. W. J. Grover, Anseley, Ont., writes: "I had been run down, and doctors told me I was anemic, but I did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat."

"I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did."

Milburn's Heart and Nerve Pills are sold at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Says German Militarism Broken
Coblenz. — "German militarism has been broken forever," is a statement attributed to Field Marshal von Hindenburg, reports of whose resignation have been received here. General Groener, former head of the department of munitions, and who has been the field marshal's chief successor, according to news received here from Kolberg.

Minard's Liniment used by Physicians.
Punch and Judy shows originated in Italy during the 17th century; and were probably introduced into England in the reign of Charles II.

An Oil That Is Famous.—Though Canada was not the birthplace of Dr. Thomas' Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

There is no limit to the age at which a man can make a fool of himself.

W. N. U. 1263

Bombard Allied Positions

Archangel. — The Bolsheviks continue the bombardment of the allied positions on the upper Dvina, apparently in the hope of driving the allies out before the allied gunboats can reach the scene. In the meantime, the gunboats are fighting their way up stream through a river filled with ice and it will be several days before they can reach the vicinity of Berezank.

Must Sign or Be Isolated

Paris. — The complete economic isolation of Germany is being considered by the council of foreign ministers of the peace conference as a measure to be adopted in the event that Germany refuses to sign the peace treaty.

IS THERE A BABY IN YOUR HOME?

Is there a baby or young children in your home? If there is you should not be without a box of Baby's Own Tablets. Childhood ailments come quickly and means should always be at hand to promptly fight them. Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and indigestion; break up colds and simple fevers—in fact they relieve all the minor ills of little ones. Concerning Mrs. Moise Cadotte, Makamik, Que., writes: "Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is a perfect healthy child. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Myrtle—Yes, he had the audacity to kiss me.
Myrtle's Mother—Of course, you were very indignant.
Myrtle—Yes, mother, every time—Pearson's Weekly.

Corns cause much suffering, but Holloway's Corn Cure offers a speedy, sure, and satisfactory relief.

Moisture Down 24 Inches

Calgary, Alta. — In its second crop report the Lethbridge Herald said the moisture conditions east and southeast, in what last year was a very dry belt, are most favorable, moisture being reported down 18 to 24 inches in the soil, and further in summer fallow. Breaking conditions are ideal. Along the Aldersdyke line the land is working up in good condition, but the reserve supply of moisture is small. From Macleod west and north moisture conditions are practically normal for this time of year.

Minard's Liniment Lumberman's Friend.

Cheering Information
Man in Chair—Here, be a bit more careful with that razor; that's the second time you've cut me.
Barber—Well, well, so it is; but there! I always deduct a cent for every cut. Why, it's nothing for a man to go out of here having won a dime off me.—Boston Transcript.

Miss Flora Boyko Tells How Cuticura Healed Her Pimples

"My face was very itchy at first, and after that it was covered with pimples that disfigured it badly. The pimples were hard and red and they were small, and they were scattered all over my face and were so itchy I had to scratch and I could not sleep. These bothered me nearly a year before I used Cuticura Soap and Ointment and when I had used five cakes of Cuticura Soap and five boxes of Cuticura Ointment I was healed." (Signed) Miss Flora M. Boyko, Gardenton, Man., Dec. 26, 1918.

Having obtained a clear healthy skin by the use of Cuticura, keep it clear by using the Soap for all toilet purposes, assisted by touches of Ointment as needed. Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations. Splendid after bathing.

For free sample each of Cuticura Soap, Ointment and Talcum, write to: Cuticura, Dept. A, Boston, U. S. A. Sold everywhere.

If Your Food Ferments or Disagrees Just Read This!

Thousands of broken-down despondent dyspeptics have recently been given back their health.

These happy people don't proclaim that it was a miracle that endowed them with a new lease of life—as his son, their common sense in selecting a tried and proven medicine, one specially adapted to their particular ailment.

All these splendid cures were effected by Dr. Hamilton's Pills which beyond all question have a strange power to restore a weak or ailing stomach.

If your stomach is tried and overworked try Dr. Hamilton's Pills, and note the prompt improvement. Pain before or after eating will disappear. You'll no longer have that nauseous, gassy, bad tasting sensation. You'll get a real vigorous appetite and digest what you eat. In a week you'll feel like a different person, in a month you'll be permanently restored.

For folks who are out of sorts, not feeling just up to the mark, who are haps bothered with headaches or constipation, to them Dr. Hamilton's Pills will prove a boon.

WARD, LOCK & CO., LIMITED
London, London, and Toronto

(Continued)

"This is the charge I give you now. If on or before that date, my nephew, or my brother on his behalf makes any claim to my estate or title, or any attempt to marry my daughter Olivia, or should she not be living, my younger daughter, Viola, you shall, on January 10th of that year, call together all those persons named in my will as executors who are also staunch supporters of the great cause, and in their presence, and my presence, shall tell the whole story I have entrusted to them."

"If my nephew does not attempt, on or before 9th January, 1910, to claim my estate, the will in your possession shall thus be rendered null and void, and my property shall be divided equally between my two daughters, the elder of them taking my title. I have written telling my brother of this action of mine."

"This letter is signed and witnessed." Then he continued speaking. "The day before yesterday my dear friend's stepbrother, on behalf of his son, solemnly claimed the title, wealth and estates, also the hand in marriage of my ward here, to whom those estates, wealth and title now belong, owing to the sad death of her elder sister, of which you already know."

"That is all, my friends, and I will now ask my ward to tell you those things which her father entrusted to her."

Viola stood up, and faced the little convulsive impressively.

"Messieurs," said she solemnly, "this is what my dying father told me to tell you on this day."

As you know, my father believed that his family were the descendants of the rightful rulers of France, and to restore the French monarchy, he spared neither efforts nor money.

"Some of you were with his heart and soul in his ambitions. You know all that this project meant to him."

"Realizing that he himself could never hope to sit upon the throne of France, and knowing that his son, his nephew, could never claim it, he decided that his nephew, the son of his half brother, should marry my sister, Olivia, and inherit all my father's money, which was to be devoted to the cause he esteemed above all others."

"This decision my father communicated to my uncle, and thenceforth educated my cousin Victor as his own son, and we all knew how glad my uncle was that this should be so."

"Then, as you know, my father fell ill, and was gradually growing worse. However, the doctors told us that he might recover if his mind were kept easy and untroubled, but that any shock or excitement would prove fatal."

"One morning, while his life was still in danger, someone came to see my father, and dealt him his death blow. What this man said, I do not know, but a few hours after his visit my father died in spite of all the doctors could do."

"But before he died he wrote many letters, and then calling Olivia to him, he entrusted her with a packet, bidding her take with her to Paris, and there place those papers in a place he told her of."

"When she had gone my father told me solemnly that he was going to entrust me with a secret which he believed would alter the destinies of France. This is what it was."

That morning his visitor had brought him written proofs that Victor, our cousin, was not our only heir, but an imposter. That our uncle had had a son, the real Victor, who had died when he was only a few years old. My uncle, knowing what my father had intended to do for his nephew, had adopted another child, whom he had successfully passed off as his son, thinking thereby, on my father's death, to gain all his money and estates. In spite of all his protestations of loyalty to the cause my father had at heart, my uncle never intended to use this money for its advancement, and was in this way, in the most treacherous manner, revealing to his half brother whom he had trusted, that caused my father's death."

"My father said that he had written to his brother, telling him of the discovery he had made, and saying that he intended to claim, or allowed his accomplices to claim, the estate and money and title, which had been intended for him before that fateful exposure, but that should my uncle make any attempt to obtain what he had now lost all right to, his dishonesty and treachery would be made public. He told me that the papers relating to the fraud were hidden, and that only his elder daughter knew where. If my uncle put forward no claim before today, those papers were to be destroyed unopened, except for a new will which my father had placed with them, directing that all he possessed was to belong to Olivia."

"If, on the other hand, he did put forward this claim, Olivia and I were to tell you all we know."

"Olivia knew which was the safe deposit in which those papers were placed. She also knew the word that was to open the safe. That was the secret she did not keep. Marie, who accompanied her, knows the place, but not the word, and my dear Olivia is dead, so it seems as though my father's wishes could not be fulfilled."

"Now, Messieurs, I have told you all my story. I have given the secret into your keeping."

"Monsieur (she turned to her guardian) now you understand why I felt justified in marrying my husband."

"My father charged me to guard that secret with my life. I have done so, and now I am free of it, and I thank God for the telling of it, and I lift a heavy burden from my shoulders."

"She sat down with a deep sigh of relief, then started suddenly as her guardian rose to speak."

"Messieurs," he said, "I am thankful to tell you that despite Olivia's death I believe that all these sacrifices have not been in vain. I think I know the word which unlocks the safe that holds the papers. It is written at the bottom of the letter I have lately read to you. I did not think it of significance till now. The word is 'betrayed.' I had thought it merely an exclamation written at the end of my friend's words, and knew in him some sorrow, knew nothing of, but now I feel sure that it is the last link in the chain, whose key Miss Richardson has just delivered up to us."

Gentlemen, we must start for Paris at once, to find out what our dear friend, Charles Cross, and we must make all haste to unmask the despicable villain who has caused so much havoc and desolation in the family of his greed for money, which was not rightly his."

After solemnly kissing Viola's hand four out of the five men left the room. The fifth, Viola's guardian, stayed only to embrace her, and to tell her husband, who was with him, her pluck and bravery, in thus faithfully carrying out her sacred duty."

Wealth in Arctic Regions

Stefansson Has Plan to Develop
Wool, Milk and Meat Industry

Ottawa. — Vilhjalmur Stefansson, the Canadian Arctic explorer, in an address before a large attendance of members of parliament and senators in the railway committee room, presented a scheme for converting the Arctic and sub-Arctic regions of Canada into a great wool, milk and meat producing area.

Mr. Stefansson recently submitted the proposal to Hon. Arthur Meighen, minister of the interior, whose department administers the natural resources of the north, and it was thought advisable that Mr. Stefansson should address the senators and members upon the subject.

At the conclusion of the address Mr. Meighen said the government would consider the proposal.

The Stefansson scheme involves the introduction of large numbers of reindeer into the Canadian north and the domestication and development of large herds of muskox. Both these animals will furnish a milk and meat supply. The muskox in addition, will furnish a wool supply.

There is a curious church in the town of Bergen, Norway, built entirely of paper. It can seat 1,000 persons in comfort.

Eighteen million dollars Victory bond interest May 1, invested in W.S.S. will be \$22,500,000 in 1924.

Community Clubs

The Community Club movement is making good headway in the province of Manitoba under the able supervision of Mr. F. C. Middleton, organizer. A large number of clubs have been formed. Below we give copy of constitution, which gives an idea of how beneficial clubs can be to the community in which they are formed.

A general committee shall be elected composed of one or more representatives of the various organizations or sections represented in the club.

Standing committees, with conveners as above stated, and drawing two or more of their number from the general committee, may be appointed as follows:

1. Public Forum Committee—

(a) To arrange for local debates and secure speakers from time to time who shall deal with public issues and matters of social welfare generally.

(b) To co-operate with the extension department of the agricultural college and the university.

(c) To encourage the formation, use and upkeep of a community library, using the schools as headquarters wherever feasible.

(d) To arrange for an annual address from the local member of parliament, preferably before the opening of the legislature.

Note.—It is distinctly understood, that while contentious public issues may be discussed on their merits, the community club will not allow its forum to be used for the purpose of party propaganda.

2. Better Business Committee—

This committee shall be composed of farmers and business men, and shall take under review the following:

(a) Local marketing conditions and possible improvements; good roads campaign.

(b) The wisdom of establishing a flour mill, a creamery, a market garden, or any other local enterprise.

(c) Better methods of buying and selling by the local merchants.

(d) Better methods of fire protection.

(e) Sympathetic co-operation between the farmers and merchants of the community.

(f) Better credit facilities for farmers from local banks.

(g) Helping men on rented farms to become owners.

3. Young People's Committee—

This committee shall be composed of those interested in young people's work:

(a) To co-operate with the churches in undertaking a definite program of activities through the provincial Boy Scouts, the Manitoba schools association, the rural Y.M.C.A. or the rural Y.W.C.A.

(b) To co-operate with the school board, in introducing manual training and domestic science classes in the public schools.

(c) To initiate when necessary action looking toward the organization of a consolidated school.

(d) To arrange, if necessary, separate meetings for the young people, especially teen-age boys and girls.

4. Public Health Committee—

It shall be the duty of this committee:

(a) To work in co-operation with the local health officer in encouraging the use of garbage barrels and regular removal of refuse.

(b) To see that the streets, lanes, and vacant lots in the town are kept free from litter and rubbish.

(c) To encourage the use of a sewerage system for both town and country homes.

(d) To secure where necessary an improved water supply.

(e) To arrange for holding of lectures and exhibits, and the distribution of literature on child welfare and the care of the mentally defective, and to take action in any local cases needing attention.

(f) To initiate where necessary action looking toward the building of a municipal hospital, the employment of a district nurse, and the regular medical inspection of the schools within the community.

(g) To boost the "Clean Up Week" each spring.

5. Recreation Committee—

This committee shall have the general supervision of the play life of the community as follows:

(a) Making provision for skating and curling in winter, if possible securing a municipal rink.

(b) Providing baseball and basketball grounds, tennis courts and swimming pool for summer.

(c) Arranging for local presentation of dramatic plays and chorale programs.

(d) Providing regular moving picture programs for the fall and winter months, in co-operation with the community department of the social service council.

(e) Arranging for soldiers' memorial.

(f) Arranging for an annual community picnic in June.

Special committees shall be appointed for any special tasks that may present themselves.

Regular public meetings of the club may be held weekly, fortnightly or monthly, as the club may from time to time decide.

The executive shall meet as often as required at the call of the president or secretary.

The annual meeting of members shall be held the first week in January to receive the annual report of the secretary, an audited statement from the treasurer and to elect officers for the ensuing year.

The club shall have for its motto, "Each for All and All for Each," and will seek to think together, work together and play together.

Suggested Order of Business—

1. Opening—Hymn and prayer; or national anthem; or simple "call to order" by the chair.

2. Reading of Minutes.

3. Business arising out of Minutes.

4. Reports of Committees:

(a) Public Forum Committee.

(b) Better Business Committee.

(c) Young People's Committee.

(d) Public Health Committee.

(e) Recreation Committee.

(f) Special Committees.

5. Call for local items of community interest:

(a) Community happenings.

(b) Community problems.

(c) Community tasks.

(d) Community clippings.

6. Program.

7. Closing.

SUNDAY SCHOOL LESSON

LESSON FOR MAY 18 — THE
GRACE OF GOD

Grace means unmerited favor. God's grace means his kindness toward us through Jesus Christ (Eph. 2:7).

God's mercy does not go out to men because they are good but because he is good and desires to bestow that goodness upon lost and ruined men in order to make them good.

1. The Grace of God is Salvation (Eph. 2:4-10).

Grace brings salvation; it does not send it. Jesus Christ, who is the embodiment of God's love and grace, came bringing salvation with him. In order to apprehend what the grace of God has done, observe:

1. Man's natural state (Eph. 2:1-3). In the natural man is found all that is opposed to the will and purpose of God. (1) Dead in trespasses and sins (v. 1). The supreme need of the dead man is life, therefore he must have life from without himself. The characteristic of one who is dead is that he is (a) without sensation—"fast feeling" (4:19). The natural man, therefore, can neither love God nor his neighbor until he is alive.

(b) Without motion. Activity is the demonstration of life. So far as God and holiness are concerned they are motionless. They are as helpless as Lazarus was in the grave. (2) Under the control of fleshly and worldly lusts (v. 2). "The carnal nature holds sway over their lives." (3) Under the domination of Satan (v. 2). All unregenerate men and women are ruled by Satan. Since he is the god of this age (2 Cor. 4:4), the prince of this world (John 12:31) all who have not been freed by Christ are under the rule of Satan. (4) Under the condemnation and wrath of God (v. 3). Over all these—death, worldliness, disobedience, lust of the flesh—hangs the wrath and condemnation of God.

2. Man's state by grace (2:4-10). (1) He is alive in Christ (v. 5). The Holy Spirit lays hold upon men dead in sin and quickens them into life. (2) Raised up with Christ (v. 6). God's grace not only makes lost men alive but raises them up with Christ. (3) Association with Christ in glory (v. 6). Christ's incarnation has so identified himself with the race that those who are saved are raised up to share with Christ and shall ultimately share his glory. The acting principle of God which moved him to save his lost people was his love (v. 4). Man's salvation is due entirely to God's grace. Not only the salvation has been provided in grace but the faith which appropriates it is God's gift (v. 8). Works as grounds of salvation are absolutely excluded. (4) The purpose of God in the salvation of men (v. 7, 10). (a) It is to display his grace in the coming ages. The demonstration to the inhabitants of the spheres in which sin has not entered, in the ages to come, will be the transformation of dead and lost men and their exaltation with Christ. (b) To glorify God through their good works (v. 10; cf. Matt. 5:16). While good works have absolutely no part in the salvation of men, God's purpose in saving them was that they might do good works.

2. The Grace of God in Right Living (Titus 2:11-14).

Grace is not only essential to salvation but essential to right living. It teaches saved men (1) to deny ungod-

Auto Top Dressing

A Special Dressing Adapted For
Automobile Tops

This dressing is prepared from a combination of essential oils and gums, so blended as to impart a high gloss to the top that is soft and pliable, so that it may be folded up without danger of the finish cracking or chipping.

DOMESTIC SPECIALTY CO., Ltd.
HAMILTON, CANADA

liness (v. 12). The saved man has the divine nature. The grace which has saved him teaches him the necessity of a denial of everything that is opposed to God. (2) Worldly lusts (v. 12). The redeemed man is surrounded with the things of the world which have a downward pull upon him. The grace of God teaches him to renounce them. (3) Sober living (v. 12). The grace of God teaches the saved man self-control; to have the reins of his nature well in command and to rule with a strong hand. (4) Righteous living (v. 12). The grace of God teaches the saved man to live uprightly with reference to those about him. (5) Godly living (v. 12). It teaches him to so live in this present world as to enable him to meet God and abide in his fellowship. (6) It teaches the right motive in living (v. 13, 14). The blessed hope of the glorious return of the Lord Jesus Christ is the grand incentive to holy living in this present world. He that will keep himself pure, (1 John 3:3).

"Black Watch" The Best Black Plug Chewing Tobacco on the Market.

Will Develop Vancouver Harbor

Plans Include Up-to-date Unloading
Equipment

Vancouver, B.C. — The announcement from Ottawa that the federal government would make an immediate grant of \$5,000,000 for harbor development here to be expended along the lines indicated in the report made to the government by Harbor Engineer Swapp of Montreal, has been received with much gratification. Mr. Swapp's recommendations called for an expenditure of over \$12,000,000 in all and included the construction of six additional deep water berths, a terminal railway connecting the different sections of the harbor, a fire boat, up-to-date loading equipment, a booming grounds for logs, and ultimately a bridge connecting the north and south shores of the harbor.

Sergeant McHootman. — You were absent from the last drill, McWhist. Private McWhist — It was no my fault, sergeant. My wife took my kiltie an' wore it out shoppin' for a new, fashionable walkin' skirt.

Abhor the Turks
Saloniki. — Dr. Guinis, who for thirty years had worked for the deliverance of northern Epirus from the Turks and for its union with Greece, was assassinated several days ago at Koritsa by a Moslem. The funeral, which was attended by 10,000 persons, according to dispatches to the Athens news agency, resolved itself into a manifestation in favor of Greece.

Build up for the Spring
Attack! Put the body in
condition for an invasion
of the germs of grip, pneumonia or "Spring fever."

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips.

The reason for this is that during the winter, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the cinders remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as an herbal extract made from Blood and Stone root, Oregon grape root and Wild Cherry bark, which has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food.

Stratford, Ont. — "I can highly recommend Doctor Pierce's Golden Medical Discovery and Pleasant Pellets. I have used these remedies twenty-five years in my family. Had a very bad case of neuralgia and 'Golden Medical Discovery' completely cured me in a very short time. I have given it to all my family, also to my great-grandchildren. I had a grand-child last summer that we thought could not live. I gave him the 'Discovery' and he is strong and healthy as any child could be. I am a great believer in Doctor Pierce's Medicines and would not be without them." — Mrs. A. Bowling, 268 Railway Ave.

Stratford, Ont. — "For many years I suffered with neuralgia. It would affect my head, extending down into my neck and shoulders. I took Dr. Pierce's Golden Medical Discovery and was completely cured." — W. J. Tams, 272 Railway Avenue.

The Jarrow Page

This page is devoted to the interests of Jarrow and District.

Jarrow News

Carl Larsen is busy with his tractor doing breaking for Carl Larsen on the C.P.R. south of town.

The Imperial Lumber Co. is unloading a couple of cars of B.C. lumber.

D. T. Green is away to B.C. looking for a new location, since F. McGee sold the farm to a Mr. Brown of Edmonton, who we believe is a returned soldier.

Boost for your home town and your home page. Anyway don't be a knocker. If you cannot boost, be neutral. Nobody likes a knocker. They generally manage to talk themselves out of the town or district.

Quite a lot of building is going on around Kinsella village. Mr. Wangness is thinking of putting an addition to his store, Miss Smith is making an addition to the restaurant, a tinshop is excavating, and Mr. Williams is excavating for a new building.

The Jarrow Auto Supply have laid an eight foot cement walk in front of their new warehouse and automobile supply store. This is certainly a benefit to the entire town and now if the other property owners on that side of the street will only continue the good work down to the bank corner, Jarrow will have something to be proud of. As far as we know there is no cement walks between Viking and Wainwright except a small piece in front of the post office at Irma. Go to it Jarrow and be a leader, do not follow the other fellow.

There is some sort of entertainment in the church on May 21st, but we cannot learn the nature of it. However everyone will probably learn the particulars before that date. These things are generally advertised around the stores a few days beforehand so if you take notice when you are in town, you will probably learn as much as we could tell you in this column. We are sure that whatever it is everyone will be welcome so come out anyway on May 21st.

On Sunday last we had a very pleasant motor drive down south of Jarrow and Kinsella and back through Jarrow and home again. The roads are fine and we were very much surprised to see the crops so far advanced. There are a number of very fine looking fields around Jarrow and especially to the south, although the smaller fields to the north of town are equally as far advanced. Towards Kinsella things seem to be much drier and this is probably due to the soil being of such a light sandy or gravelly nature. However, Kinsella grew some grain even last year and there is no cause for alarm for that district. We have a feeling that we are going to see a bumper crop this year.

We forgot to mention the two dances that were held in Jarrow some time ago. One was billed to take place in the new garage but it was too cold there so the crowd moved into the restaurant and danced until 4 A.M. This was not enough so they met again on Friday night in the garage and held it down until 4 A.M. again. There is another dance on Friday of this week in the new pool room. All the partitions are being taken out of the Comley building and before the pool tables are put in, the floor has to be tested. The best way to test a floor is to get about twelve couples up in a good old time hoc down.

Jarrow Red Cross.

The regular meeting has been cancelled for the month of May. The next meeting will be held in the booth Wed. June 10th. After the meeting a ten cent tea will be served.

A fresh supply of sewing has arrived, those wishing to help with the work call at Manner's store, for material.

JARROW TO HOLD SPORTS DAY JULY 1ST

A well attended meeting of the U.F.A. took place at the restaurant at 8 p.m. W. Comley, Pres., in the chair. Minutes of previous meeting read and confirmed, in the business arising out of the minutes the Sec. reported he had received a communication from the secretary of the Kinsella Local Improvement district, C. Knudson, re resolution presented to that body at their last meeting. The resolution sent re gopher poison had been tabled and Councillor A. Firkus thought it unlikely that it would get further consideration.

The resolution re burial ground for Jarrow district was debated and left over till the next meeting as the Kinsella Councillors were expecting some one to die and they thought it would be wise to select a site for a cemetery and have it considered by the council at their next meeting.

Several communications were read and one from the head office referring to political action, stating that the Battle River constituency would hold a convention at Wainwright on the 17th and 18th of June for the purpose of selecting a candidate to represent us in the parliamentary election. It is significant that of the replies sent to questionnaires recently sent out by the central office, only two replies were received from locals which are opposed to political action. The secretary mentioned according to the rules of electing delegates we should be entitled to send six delegates being one for each ten members. Moved by A. Firkus, seconded by T. Lockhart that we defer election of delegates to Saturday June 7th, at 8 p.m. Cd.

Moved by A. Firkus and seconded by R.T. Meakins that all resident ex-soldiers be admitted to our local, free of dues for one year. Cd. This means full membership for the year 1919, this local paying the dues to the central office.

Moved by R. Heron and seconded by G. Comley that we hold our 4th annual picnic and sports day to be followed in the evening with a dance in the large store building that is in course of erection for J.D. Manners on the 1st of July. Cd. The following were elected as a committee to arrange things, A. Firkus, L. Sisson, R. Heron, H. Dennison, C. Algh. J. Lennox with power to add to their number.

There being no further business to transact the meeting adjourned at 11 p.m.

R.T. Meakins, Sec-Treas.

Jarrow Church Services.

Jarrow circuit, May 18th.

11 A.M. at Lynx.

11 A.M. S.S. at Jarrow.

3 P.M. at Baits.

7.30 P.M. at Jarrow.

A cordial invitation to all.

M.D. Bayly, Pastor.

Reserve the date May 21. A rendition of "The Morning In The Orient" will be given in the Jarrow church. Musical selections by the Irma choir, readings by Mrs. J. A. Waite. Tell others about it.

Coal Springs School Report.

Month of March attendance 10. Perfect attendance: Mabel Knudson, Mabel and Harold Fuder, Olaf and Toriel Larson, Merle Knudson, Adolph and Borgel Lovig.

Month of April attendance 9. Perfect Attendance: Mabel Fuder, Merle Knudson, Borgel Lovig.

Following missed one day: Mabel Knudson, Adolph Lovig, Olaf Larson Mrs. F. W. Knudson, teacher.

FOR SALE—One top buggy nearly new, auto seat and pole. Also one set double driving harness. Will sell for cash or exchange for cattle. Apply M. D. Bayly, Jarrow.

ADMITS OUR BIGNESS.

Sometimes one has to go abroad to learn facts about one's own country, and it is an encouraging sign to see in a recent issue of the Ladies Home Journal a tribute to the size of Canada, and a frank admission that this country exceeds the United States in dimensions at least. The article giving this information is as follows:

"Talk about bigness! It makes us seem small when we get into our heads that Canada is larger than the United States by 250,000 square miles; contains one-third of the area of the British Empire; is as large as 30 United Kingdoms, 18 Germanys, 33 Italys, is larger than Australasia and twice the size of British India; has a boundary line of 3,000 miles between it and the United States; its seacoast equals half the earth's circumference; is 3500 miles wide and 1400 miles from north to south. Do you wonder the Canadians feel proud?"

Dairymen!

It will pay you to market your cream through me. The expenses are cut to the minimum and for this reason the Northern Creameries are able to pay 2 cents per pound more than a testing station. I will advance you in cash up to the full value of your previous can or more, and you do not even have to wait for your cream to be tested.

If you bring us one can you will come again.

A Trial Will Convince You.
